Board Elections:

Discussion - With the pending election of a new Buckeye Chapter President, and two candidates on the ballot for that position, propose the creation of the position of Vice-President under Section 7.2 of the Code of Bylaws. Further propose that this position carry an initial one-year term to permit the Board to fully develop the roles and responsibilities of the Vice-President. Having defined the role of the Vice-President, the Board may then amend the current Code of Bylaws, upon a vote of the general membership, and incorporate this position as an Officer under Section 7.0. Recommend that the Board consider limits on the years of service of the President if a Vice-President position is created. Intent is to make VP position a President elect for continuity of operations.
