I would like to officially put my name in the running for the position of Governess of the Columbus area Buckeye Chapter. I believe my outgoing personality and willingness to organize and plan events will help with this position. I have been able to watch the club develop and grow with the current leadership and I would love to be a part of that team. Having been heavily involved with planning and working club events in the past, and a background as an Adventure Facilitator, I know my experience will be useful to the BMWCCA.

Some goals I have for the growth of the club would include a higher involvement of women in monthly meetings/events and HPDEs, continue to move our monthly meetings around the Columbus area to encourage higher numbers in club member engagement, and better utilize social media platforms to keep our members up to date on club happenings.

I plan to include more women in our club by adding events geared towards women to the club activities. These events could include drives through to wineries, women's cars and coffee,

and promoting BMW Women's days. A huge goal would have a higher number of women in the Buckeye Chapter HPDE. I plan to work closely with other board members to explore avenues to make these ideas a reality.

When looking for monthly meeting locations, I would take into account: time of year, location, parking, and variety of food to offer. Our current governor does a great job and has utilized members in the club to help find fun locations. I plan to ask for recommendations from members, and work to get the events planned far enough in advance to give members ample time to plan on attendance. I will work closely with our social media manager to help get the word out on club events. I plan to also post photos and short live streams of events for members not in attendance to enjoy as well. Thank you for your consideration for the position of Columbus Area Governess. I look forward to working with the club in the future.

I would like to place my name for consideration for election as the Columbus area Vice Governor.

I have been a BMWCCA member since 2018 shortly before I attended my first O'Fest in Pittsburgh, PA. Our E46 M3 has taken us to many national and chapter events where I enjoy participating in TSD rally, driving tours, monthly Columbus area meetups and the Buckeye

region go karting events. I was honored to serve as the Columbus Region Vice Governor in 2020 where I coordinated tech talks to allow our membership to continue to meet in a virtual Environment.

I greatly enjoyed my time serving the Columbus region and hope to be able to do so again. If elected, I plan to continue the great work done by the current leadership team of planning fun monthly events while incorporating more learning opportunities such as tech talks or new events like TSD rally and expanding the Sim Racing group. I enjoy working with members to tailor events to the group's interests and learn new things from our membership. I hope to expand the types of activities the club offers to encourage more members to participate. Thank you for your consideration to serve the Buckeye Chapter and Columbus Region as Vice Governor. I look forward to another fun BMW filled year in 2024!
